

#CoCreatingGFI

“Include leaders for strategic support”

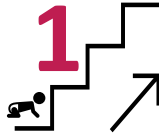

“Build community”

*“Teamwork
– share good practices”*

“Learn with students”

*“Communication
is key”*

“Babysteps”

1 Student participation

Teacher is in control, but invites participation

2 Active learning

Teacher in control, but informed by student feedback

3 Co-creation of teaching and learning

Students have influence and make decisions in some areas

4 Student-staff partnership

Students control their learning, guided by teachers and staff

5 Culture change

Strategy documents and policies for support

#CoCreatingGFI is a HK-dir-funded project where students and staff at the Geophysical Institute, University of Bergen, Norway, work towards climbing the steps towards co-creating learning and teaching. Here are some examples of methods and learning activities, and ideas for sharing responsibility for learning.
